## FUN and SAFE at the POOL

[How to Keep Children Safer Around Pools and Spas:](#)

1. Supervise Children: Always watch children in or near water, never leave them unattended.
2. Learn to Swim: Teach children how to swim.
3. Know Your Drains: Teach children to stay away from drains.
4. Ensure Compliance: Ensure all pools and spas have compliant drain covers.
5. Install Safety Devices: Install barriers, covers and alarms.
6. Get Certified: Know how to perform CPR on children and adults.

### Attention Grandparents

Watching your grandchildren is one of the most enjoyable things about being a grandparent, but it's important to make sure the whole family is staying safer when spending time in and around the water.

Do you enjoy volunteering and the Y? We are looking for a YMCA Foreverwell Volunteer. Please contact Maureen if you are interested. [Maureen.Bowen@ymcamn.org](mailto:Maureen.Bowen@ymcamn.org)
