About YMCA Day Camps

YMCA Day Camps are wonderful places for your child to experience fun, outdoor adventures in the summer! New and returning campers thrive during a week packed full of exciting, structured traditional and specialty activities. Campers participate in small, age-appropriate groups where they build self-esteem and learn new skills. Our experiences are built on the Y's Core values of caring, honesty, respect, responsibility and equity.

Our goal is to give all kids the opportunity to discover who they are and what they can achieve. Day Camp is an enrichment program and the next step in youth development. Day Camp gives traditional camp experiences during the day. Each child will benefit from this connection with nature.

Life at Camp

Our Camp Community

YMCA Programs are about learning skills, developing character and making friends. But few environments are as special as camp, where kids become a community as they learn both how to be more independent and how to contribute to a group as they engage in camp activities.

Camp Groups

Campers are assigned to camp groups based on age and program choice (i.e. Specialty/Traditional Camp). Counselors will lead the camp group through a rotation of scheduled camp activities.

In addition to the group rotations, camp often gives campers the opportunity to interact with some of the other groups through large group, all camp, or camper’s choice activities.

Large group interaction will be subject to current COVID protocols as established through the YMCA per the Minnesota Department of Health and the CDC.

Pro Tip

Check your camper’s backpack for information handouts and schedules on Monday on what your camper’s week will look like.

Camp Staff

Each staff member goes through an extensive hiring process including criminal history background & national sex offender check, reference checks, and interview.

They receive training in camp program areas, relating to children, health and safety skills, and are First Aid and CPR certified. Camp staff members are committed to being positive role models for campers.

Camp Store

Store order forms may be filled out and turned in with payment to your camper’s counselor. Make any checks payable to: **YMCA**

*Items will also be available during Open Houses and Family Nights.

Camp Activities

Campers will experience a variety of activities during their camp experience. Our camp staff aim to encourage campers’ creativity, skill development, and understanding of the world around them.

Often times, during these creative learning experiences in a camp setting, campers are exposed to the natural elements of camp. They will experience dirt, mud, bugs, plants, and various types of weather—but camp will go on. Our staff are trained to recognize and avoid unsafe situations. However, if your child has a specific reaction (*allergies, fears, etc*) to any camp elements; be sure to indicate this in their health information. Also if necessary, to help us work with your camper, please fill out the **Individual Camper Care Plan**, found on our website.

Campers registered for Specialty Camps will spend a portion of each day in their specialty area—weather permitting. If weather makes it unsafe to run a specialty activity, camp staff will lead alternative programming. In addition, they will do their best to make up activity time lost later in the week **if the schedule allows**.

Life at Camp

Lost and Found

In response to the COVID-19 pandemic, our day camp is limiting items held in lost and found after each camp session ends. We want to be mindful of safe storage space and how to prevent exposure of staff and campers from items, week to week. As such, camp will only hold the following specific list of items:

1. Jackets / Sweatshirts
3. Prescription glasses, durable medical equipment, prescription medication
4. Personal equipment
5. Shoes (not water shoes or sandals)
6. Backpacks

Camp will keep these items for no longer than two weeks from the end of the session. After this time, these items will be donated or thrown away. Please note, that these items will be held at the discretion of camp staff. Items that are soiled, damaged, or otherwise deemed not able to be safely stored will be disposed of. The list of items camp will not hold on to includes but is not limited to: socks and underwear, all toiletries and toiletry bags, all swim gear including swim suits and goggles, hats, t-shirts, pants, shorts, towels, water shoes including sandals, water bottles, sunglasses, toys, cameras, and arts and crafts projects including tie dye. *We highly encourage grown-ups to label all items with their camper's name to help our staff identify items during the camp session.* Many items look similar and it can be confusing for both staff and campers. As a reminder, please do not send your camper with anything that is irreplaceable. Personal items can be easily lost or damaged. Electronics, including phones, are not permitted at camp. Phones may not be used at camp and will be confiscated and returned to families at the end of the day. Camp is not responsible for any lost, damaged, or stolen items.

Pro Tip

If your child is especially prone to mosquito bites, be sure to send long layers (long sleeve shirts/pants) to help prevent future discomfort.

Water Activities

All swimming and watercraft activities are supervised by Certified Lifeguards.

Personal Flotation Devices are worn by campers and staff at all times during boating/watercraft activities, and are provided by camp.

Each camper's swim ability will be tested on their first day of swimming.

Ages 4-5 (Little Seeds & Wee Backpackers) always wear PFD's during swim time and stay in the shallow end.

Life at Camp

Camper Behavior

At the Y we believe that every family and child should have access to camp. We aspire to create a camp community that is safe, inclusive, welcoming, and exemplifies the Y's core values of Caring, Honesty, Respect, Responsibility, and Equity. We recognize that campers come to us with a range of background, experiences, and history, and this may be reflected in their mental or behavioral health while at camp. While working with children at camp our goal is to collaborate with families. To help in this effort, we utilize and Individual Camp Care Plan to help us inform and prepare our staff. We ask for families to fill out this form only if there are special concerns or situations that you feel we need to know. The more detailed information and helpful "tips" you can give, the better prepared we are to work with your child.

The individual camper care plan can be found here:

<https://www.ymcanorth.org//sites/default/files/day-camp-individual-care-plan.pdf?openyts=1648491066079>

It is our goal that Day Camp staff make every effort to ensure all campers have a safe and positive camp experience. We believe our success at camp stems from a safety-first mentality. Day Camp is designed to be a fun and amazing outdoor experience for kids, but we recognize that the small and large group activities may not always be the best fit for all campers.

In order to best support the safety and enjoyment of camp, we approach Social Emotional Learning as strategy for systemic improvement for all as it supports adults to strengthen practices that promote equity. Social Emotional Learning is the process through which all young people and adults acquire and apply knowledge, skills, and attitudes to develop healthy identities, manage emotions, achieve personal and collective goals, feel and show empathy for others, establish and maintain supportive relationships, and make responsible and caring decisions.

We believe that our campers have the opportunity for growth and support within the five pillars of Social Emotional Learning and development— self-awareness, self-management, responsible decision making, relationship skills, and social awareness.

While working toward our goals of providing a safe and positive camp experience we may implement Action Plans. Action Plans are tailored to children and their specific needs. We work in partnership with campers, families, and camp staff to determine appropriate action plans for a camper. When determining action plans we strive to partner with families and meet campers where they are at in their development, all while keeping safety at the forefront.

We train and empower our camp counselors to support campers' individual needs with the implementation of action plans. These action plans are designed to work with campers on a personal basis to reach success while ensuring we are meeting each camper where they are at.

When a situation becomes harmful to an individual, the group, or when it cannot be resolved, then we will bring in additional support from the Camp Leadership Team. Examples of this could be a camper running away from their group or not staying within sight and hearing range of their staff members, bullying toward another camper or staff. Our Day Camp Leadership teams include a small team of Blue Card® holders trained in CPI Nonviolent Crisis Intervention®. This team is trained in crisis intervention, de-escalation, non-restrictive and restrictive intervention. If camper behavior escalates to physical violence, endangering the health and safety of themselves, other children, or staff, purposefully hurting themselves, another child or staff, restrictive intervention will only be deployed as a last possible resort due to extreme danger or intent to harm. Our Y Camping teams hold a range of compassion and expertise, but we are not mental health professionals, social workers, or 1:1 camper to staff support.

We will support your child the best we can to make camp as successful as possible. If change has not been made after a thorough action plan, should a camper need support that goes beyond what we can safely provide, or, should a situation escalate to a level where we can no longer safely find a resolution for the camper an action plan may determine the need for a child to be removed from a program for any amount of time, including the remainder of the summer season.

The above serves as an overview of how our camps help to ensure the success and safety of all our campers. If you have any questions regarding further details of our procedures, or if you have concerns regarding your camper's needs, please contact the Camp Director.

Health & Safety

Inclement Weather

Camp is held rain or shine. Please make sure your camper dresses for the weather, with appropriate rain gear. On rainy days, Your child may return home wet and muddy! Many times, fun filled activities are held in our rain shelters at camp.

In extreme heat situations, certain activities may be cancelled to keep campers safe. Campers will be monitored and encouraged to drink more water. More water games and shaded activities will be encouraged.

In the case of severe weather, campers will be bussed to a nearby indoor location. The Camp Director will notify the YMCA as soon as possible about camper safety and any bussing delays. Updates will also be posted on our Facebook page, and sent via email and pre-recorded call.

Severe Heat

To keep participants safe during extremely hot days, we will occasionally cancel certain activities.

We always encourage participants to drink lots of water, play more water games, and stay in the shade.

As always, you know your camper best. If you believe your camper will not thrive on a day with severe heat and would prefer to keep your camper home, please just notify your camp. Refunds will not be offered due to severe heat. You can also refer to your camp's early pickup information if you determine and early pickup would be appropriate, as temperature and heat index often rises throughout the day.

Pro Tip

Don't be alarmed if you get a call from camp. We like to get input on even minor health, homesickness, and behavioral issues.

Air Quality

In times of Air Quality Alerts, we carefully follow guidance from the Minnesota/Wisconsin Pollution Control Agency, National Weather Service, CDC, and Minnesota/Wisconsin Department of Health.

- We monitor and adjust programming to ensure children can safely participate in our outdoor programs.
- Adjustments include slowing down physical activity, emphasizing hydration, and spending more time in our indoor spaces (when available — not all Day Camp locations have indoor space).
- For campers with specific health concerns, sensitivity to air quality, or other concerns, we encourage guardians to send an N95 mask and speak with a camp leader for accommodations.
- Your child's safety and welfare are always our top priorities.
- As always, you know your camper best. If you believe your camper would not thrive on a day with lower air quality and would prefer to keep your camper home, please just notify your camp. Refunds will not be offered due to air quality. You can also refer to your camp's early pickup information if you determine an early pickup would be appropriate, as air quality often gets worse throughout the day.

Injury & Illness at Camp

Campers are well looked after. All camp staff are First Aid & CPR certified.

We will treat bumps, bruises, and scrapes. For an injury that requires more attention than our staff are trained to do, Y Staff will:

- Call 911, perform immediate first aid and contact you or emergency contacts, if you cannot be reached.
- If emergency transport is required, a staff member will accompany the child to the hospital and remain until the parent/guardian arrives.

In the case of illness, parents or emergency contacts are called to make arrangements for treatment or pick-up. If your child is ill and must miss camp, please notify camp by phone or email.

Medications

Medication will be turned into the director upon arrival. Medication must be in the original container and marked clearly with dosage, frequency and camper's name. This includes over-the-counter drugs. Please only send medication that will be needed for your child's week at camp. Additionally, a Medication Release Form will need to be completed upon arrival and turned in with medications. The form can be found on our website.

Risks at Camp

YMCA Day Camps are members of the American Camp Association, meaning we are rigorously held accountable on over 300 standards regarding health & wellness, transportation safety, aquatic and program safety and more. These standards guide us to use the best practices regarding camper safety & behavior, staff training and much more.

Nonetheless, like all other experiences, camp is not risk-free. Please refer to our waiver on our website if you would like to review our indemnification policies.
